Chapter 34

This is a work of fiction.
Names, characters, places and incidents are the
product of the author's imagination or are used fictitiously.

If the heroes in this world have been solving
their Rebound's with the lives of many,

then Project Si Wo Sive was about killing
someone of equivalent power so that
many lives would not be wasted.

I only found out after I became a hero.

Many lives were sacrificed because of me, and
that will just keep increasing...because of me.

L. didn't want
something like this
to happen.

I didn't want to believe it at first.

I began this study for the sake of my child.
However, anything could happen on a whim.

I needed insurance.

I needed an entity far greater
and superior to them.

The CIA of the United States of America.

Project Si Woo Swe was meant to be
kept top-secret, but it's only a matter
of time before they find out.

In that case...

I'll just ally myself with them.

clack!

My deal with them was simple.

They turn a blind eye to what we're doing,
I give them reports on our progress.

Once the project was complete,

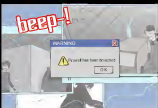

the CIA agreed to let me keep one
hero while I gave them all my data.

However...

they don't know one thing...

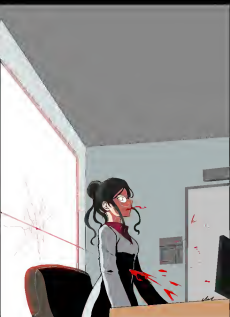

That means...?

We are in dire need of staff!
